ENHANCE+ 2026-2027: Priority tracks for SteerCo Consultation

In their meeting, SteerCo will discuss strategic directives for ENHANCE Joint Education, and COs will be involved in next steps to develop this work. But we also discussed in Gothenburg the need to identify specific project activities/tracks where SteerCo involvement is needed (early and/or regularly) to support effective development of ENHANCE+ actions.

COs are asked to come to the Summit with initial ideas on this, for discussion with OO to identify these activities/tracks so that necessary SteerCo consultation can be planned. Advance planning will be key in 2026 given time needed for +2 discussions in SteerCo as well.

14:30-15:15

+2 Call: Debrief DG EAC Meeting

OO to debrief key information from 27 Nov DG EAC meeting on +2 Call. Discussion on CO expectations and ideas for +2 – to be continued on Thursday with WPLs and EduOfficers.
